

Phil Brown CEng FICE FCIHT
Group Director

Phil joined JPP in 1997 as a Graduate Engineer and was invited to join the Board of Directors in 2011.

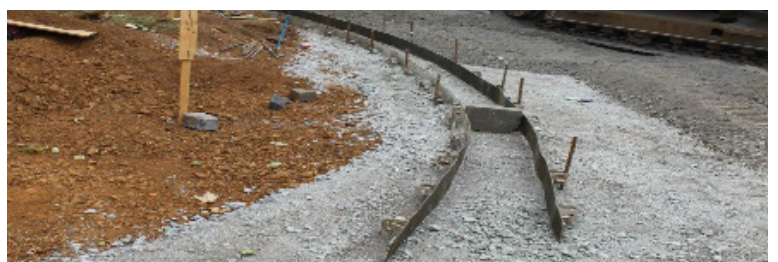

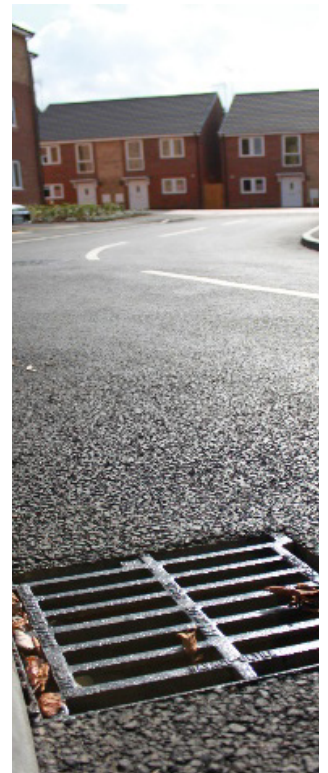

He led the Infrastructure Design teams in our Northamptonshire office before becoming Group Director and overseeing all teams in 2018.

Phil specialises in highway and drainage designs in particular heavy duty pavements. He has a particular interest in the continued development and improvement of our BIM capabilities.

Phil acts on behalf of clients to review designs and construction quality to ensure the successful delivery of complex projects

Phil manages the JPP ICE Approved training schemes for staff progressing to membership.
