

Tom Leatherland BSc (Hons) Associate

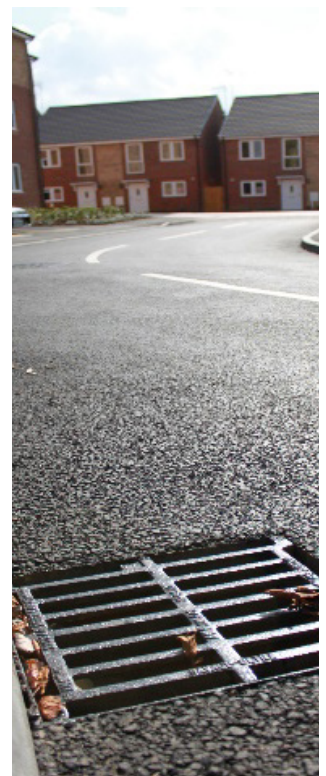

I started my career at JPP as a Graduate Engineer in 2014 following completion of a Civil Engineering degree at Nottingham Trent University. I am a member of the Institution of Civil Engineers and have been working through my qualifications to become incorporated as an Engineer.

In 2018 I became a Senior Engineer before becoming an Associate in 2019. I am now responsible for leading one of our infrastructure teams in Northampton specialising in design of medium to large residential schemes, affordable housing, industrial and commercial projects.

My areas of expertise are highways engineering and drainage and I am proficient in the use of AutoCAD, Civil 3D, WinDes by Micro Drainage and PDS by Causeway.
